From the Office of Frank Baker:

I am reaching out on behalf of Frank Baker with a statement regarding the concerns of the Redlands Road and West Roxbury community, as discussed in the WRCIA meeting last Tuesday.

Mr. Baker would like to go on the record in support of the neighbors and community based on the following points:

- He supports the residents' appeal and questions the validity of an *as-of-right* designation in this context.
- He stands in support of, and requests, a deferral to give stakeholders time to work out an MOU with the owners that would work for all parties involved.

Mr. Baker and his team also plan to send a statement to the Zoning Board of Appeal with this message.

Please let me know if you have any questions.

Best,

Louisa Siciliano
